EDUCATION AND AFTER-SCHOOL

An outing the whole class can play, with no account to create

Your pupils play in teams, without creating an account and even with no network — and you replay the same trail next year.

Escape Game City — prices as of 14/10/2026, excluding tax, subject to change. Up-to-date version: https://www.escapegamecity.com/en/pro/education

What it changes for you

No pupil account
Teams join the game by scanning a QR code. No sign-up, no address to type in: no personal data about a pupil is ever collected.

Several teams at once
You open a session, each team joins with a phone or a tablet, and the leaderboard updates live — competitively or cooperatively.

Works with no network
The trail downloads before departure: it plays inside a poorly covered building or out on a field trip, without depending on the school's wifi.

Replayable next year
A trail written once replays every year with another class, without rewriting anything. You only change it when the curriculum does.

How it works

1. You write the trail
Steps, clues, graduated hints. You play it yourself in the browser before the outing, to check that it can actually be solved.

2. You open the session
A QR code on the whiteboard or printed out is enough: teams join within seconds, and you follow their progress on your screen.

3. You debrief
At the end you see where each team got stuck and how many hints it asked for: the debrief is about what actually happened.

The plan we recommend

Pro
39 € / month
or 390 € per year

- Unlimited private games and access codes
- Full statistics and CSV export
- Your logo on team sessions

The Pro plan fits a school: unlimited private games and team sessions, exportable statistics, your logo on the games. The free Discovery plan lets you try it with a first class without committing to anything.

The three plans

Feature	Discovery	Pro	Organisation
Price	Free	39 € / month	1 490 € / year
Review turnaround for publication	within 10 working days	within 5 working days	within 2 working days
Commission on public sales	25 %	10 %	0 %

No commitment on the Pro plan. Prices exclude VAT. Commission applies only to games sold through the public catalogue: a free game, or one handed out by access code, is never charged. Stripe card fees remain yours.

Tell us about your project
Tell us the year group, the subject and the time you have. We will show you how the workshop comes together.
